The Road to Fuel Efficiency and Champions of Fuel

This video cannot be downloaded from the website. To get your FREE copy, email Freight Best Practice at order@freightbestpractice.org.uk or telephone the order **Hotline** on **0845 602 1425**.

This video provides a general introduction to fuel-efficient operations and demonstrates the benefits of a fuel champion. Field trials with a range of operators using the techniques shown in the video have shown fuel consumption savings ranging from 7% to 15%.

Freight Best Practice

The Department for Transport funds Freight Best Practice, which was formerly known as the TransportEnergy BestPractice programme. Freight Best Practice provides FREE information to help freight operators save money through improved fleet efficiency. FREE guides, case studies, newsletters, videos and software tools are available. The following subjects are covered:

Contact Freight Best Practice now for further information.
